

There has recently been a new development in the tool to assist you in unlocking value and discovering more about SHERPA.

New SHERPA Development

We have developed comprehensive training material that is now available on-demand to assist with refresher training and relevant information in each of the sections of SHERPA.

The training material consists of YouTube videos, and PDF how-to guides. The SHERPA team will be building and updating the training material from time to time, with the latest versions available in SHERPA.

To access the training material, hover over the "?" icon located at the top of a number of pages in Sherpa - as seen below.

STRATEGIC ASSESSMENT

Once you have hovered over the "?" icon, a box containing links to the relevant training material will appear. An example is depicted in the image below. Click the "x" in the top right corner of the box to close this feature.

STRATEGIC ASSESSMENT ?
